

Table scale FC-W

Reliable measurement in tough environments with water, steam, and moisture

The FC-W is the scale that combines easy operation with reliable performance. With clear buttons and smart functions such as piece counting and checkweighing, you get full control right away. The series is available in capacities of 6, 15, and 30 kg and is IP68-rated to withstand water, moisture, and heavy cleaning — a dependable solution for demanding environments.
